

# Sibley Heart Center Cardiology City Call

The City Call program of Sibley Heart Center Cardiology makes it easy to access our services anytime, with just one call. Sibley Heart Center Cardiology physicians are on staff at 40 hospitals across Georgia. Nineteen of these hospitals are located in metro Atlanta.

At least two Sibley Heart Center Cardiology physicians are available, on call 24 hours a day, for patient care. These physicians are responsible for inpatient consultation at metro Atlanta hospitals. This commitment to service ensures that your patients and their families get the response they need.

While on City Call, our physicians have no clinic responsibilities, which enables them to respond quickly to your patients' needs. Call 404-256-2593 (in metro Atlanta) or 800-542-2233 for immediate access to our physicians and services.

## SPECIALIZED CARE

We provide comprehensive cardiac care for newborns and infants, including:

- Fetal evaluations
- Noninvasive diagnostics
- Inpatient consultations
- Electrocardiogram (EKG) interpretation
