Dear Children’s staff member and patient family,

Children’s Miracle Network Hospitals® is looking for three outstanding patients to be our 2015 Miracle Children. We would like for the patient family to be well-spoken and interested in volunteering their time and sharing their story with the community. We need your help identifying these miraculous stories that show a child’s journey through an accident and/or illness, and their exceptional determination to overcome that hardship. These families should embody the same values as Children’s, and be willing to help spread awareness about our care in the community in order to help Children’s Miracle Network Hospitals raise funds for our hospital system.

Out of those nominations we will select three children to be Miracle Children. We are also seeking nominations for a Spanish speaking child and patient family, so that we can share their story with our Hispanic donor community. Please give thoughtful consideration when nominating a child and his or her family, and discuss this with your fellow staff or fellow patient families who may qualify.

The three children that are selected will be featured in our annual Children’s Miracle Network Hospitals brochure and videos. We will also ask the families to speak at various fundraising events throughout the year. To view the 2014 Miracle Kid’s stories and videos please visit choa.org/miraclechildren.

Expectations of child and patient family:
- Willingness to participate in 2 video shoots (for a maximum of 4 hours total) and one photo shoot
- Flexibility and promptness at CMN speaking engagements
- Comfortable with sharing their child’s story in front of various groups of people
- Eligible families should live within 30 miles of Atlanta, in any direction
- Families are invited to attend around 10 events, and should have reliable transportation to and from the event

Make your nominations by filling out the attached form and send it in by June 25, 2014.
