Ask your nurse or doctor about MYchart

MYchart is a new online tool to help you streamline your child's care. MYchart lets you securely connect with your healthcare team and access your child's medical information. It is available for free through your computer or mobile device.

---

### With MYchart, you can:

- Access your child's medical records, including:
  - Medical history
  - Most lab and radiology results
  - Medicines
  - Upcoming and past appointments
- Request appointments.
- Request prescription renewals.
- Communicate with your child's healthcare team.
