

Clinical Information Librarians

Saving you time so you can save lives

Our Medical Libraries Team can help various staff members—from allied health professionals to students—with patient care information, continuing education and medical research.

We provide services and training for:

Clinical practice	Education	Research
Services <ul style="list-style-type: none"> – Assistance in formulating specific therapeutic, diagnostic or prognostic questions to find published evidence – Setting up automatic alerts about newly published evidence – Attending case reports, staff meetings or committee meetings and providing research support for attendees 	Services <ul style="list-style-type: none"> – Setting up and maintaining a blog for clinical questions, answers, presentation pearls and links to cited studies – Setting up automatic alerts to publications by authors or on specific topics – Assessing and providing feedback on locating and selecting published evidence 	Services <ul style="list-style-type: none"> – Assistance in developing strategies for literature reviews and providing interlibrary loans for hard-to-find articles – Assistance with background literature searches for grant applications and institutional review boards – Assistance in identifying specialized information resources or databases for research proposals
Training <ul style="list-style-type: none"> – Using point-of-care information tools – Individual and group training on how to search for and identify high-quality evidence – Filtering PubMed searches for clinical evidence 	Training <ul style="list-style-type: none"> – Creating a personal digital library in PubMed or EBSCOHost – Retrieving, storing and organizing citations – Setting up journal alerts so electronic tables of content are received via email – Answering questions about copyright compliance and helping secure permissions 	Training <ul style="list-style-type: none"> – Providing knowledge management solutions and guidance to better organized electronic information so that it can be shared easily

Our online resources include:

- **Find it @ Childrens:** This provides a fast, streamlined search through a single search box to all of Children's online library resources, providing quick access to relevant, full-text journals and e-books.
- **UpToDate:** This is a point-of-care resource to assist with diagnosis and treatment. It includes more than 7,400 peer-reviewed topics. Each review is linked to Medline abstracts and a complete drug information database. It is available through Epic for CME credit. (Please ask librarian for more information.)
- **EBSCOHost:** This provides access to Medline, CINAHL (nursing and allied health literature), PsychINFO, Cochrane reviews, Health Business Elite and the Rehabilitation Reference Center.
- **AAP's Pediatric Care Online:** This point-of-care quick reference guide provides access to the American Academy of Pediatrics' (AAP) *Textbook of Pediatric Care*, *Bright Futures* and *Red Book*. It also includes a signs and symptoms search and other diagnostic tools.
- **PubMed:** Provided by the National Library of Medicine, PubMed includes more than 19 million citations for biomedical articles from Medline and additional life science journals. It includes access to full-text articles.
- **VisualDx:** This is a differential-diagnosis-decision support tool at the point of care. It includes more than 25,000 images representing more than 1,200 visually identifiable diseases, drug reactions and infections. It is also available via mobile.

- **Electronic books:** Titles include *The Harriet Lane Handbook*, *Nelson's Textbook of Pediatrics*, *Oski's Pediatrics*, *AACN Protocols for Practice*, among others. Search A to Z for a full list of electronic books.
- **OVID:** This includes access to Medline, Cochrane Reviews, Embase, BioSIS reviews and Health and Psychosocial Instruments.
- **A to Z Journal list:** This offers online access to all of our full-text journals and books and a list of available print journals.

Clinical information librarians:

Kate Daniels, Scottish Rite and Egleston – 404-785-2157

Elaine Harbin, Scottish Rite – 404-785-2154

Emily Lawson, Egleston – 404-785-1481

All of our electronic resources can be accessed on Careforce Connection under "Departments." Click on "Clinical Support Services" and then "Library Services." Then click on "Online Resources."

Offsite access is available through both RCAP and Epic.

Contact askmedlib@choa.org with any questions.
