

# Hypertension Program

---

## Preparing for your first visit

Following registration, your child will be seen by our team of pediatric hypertension specialists, including a:

- Pediatric nephrologist
- Registered nurse
- Nutritionist

Because your time is valuable, your child's evaluation, tests and procedures will be grouped into a single visit. Your first appointment may last between one and three hours.

**Note:** Arrive 30 minutes prior to your appointment to allow sufficient time to fill out any paperwork.

### **What to bring to your child's appointment:**

- Copies of previous testing or treatment
- Current health insurance or Medicaid card
- Authorization or referral number (if applicable)
- Completed registration form

### **What will happen during your child's visit:**

- Medical evaluation by our pediatric nephrologist
- Evaluation by our nutritionist to discuss dietary issues and physical activity
- Testing, which may include:
  - Blood work
  - Blood pressure monitoring
  - Echocardiogram
  - Kidney ultrasound

### **Location**

Egleston hospital  
1405 Clifton Road NE  
Sixth Floor, Tower 2  
Atlanta, GA 30322

Call **404-785-3607** if you have any questions.
